

Great wines of the South – poised, vibrant, true to place.

THE ESTATE TODAY

One winemaker, one signature

On the slopes of Calce, at the foot of the Pyrenees, the Horizon story began on a very small scale, in an old garage turned into a cellar. The estate has since moved into a more spacious winery in Montner, without losing any of its artisan soul. At the helm: Emmanuelle Maltas, alongside Joachim Christ.

WINEGROWER & CELLAR MASTER

Emmanuelle Maltas

Trained at Domaine Clavel, a historic Languedoc estate, Emmanuelle Maltas joined Horizon in 2020. Since then, nothing happens without her: from pruning to bottling, she leads every step. Her debut made an impression: Decanter rated her 2020 Blanc “Outstanding”, naming it the best white wine of the South in its vintage.

Her aim: living, poised wines, built to age, that radiate energy.

Joachim Christ

A partner from the very beginning and a wine merchant in Germany, Joachim Christ is the man with fresh ideas. He is also the one who carries the estate's voice far beyond its borders.

How we work

2006

founded by Thomas
Teibert & Joachim Christ

13 ha

of vines in Calce and
Montner

80 years +

for our oldest vines,
including 4 ha over 100
years old

since 2008

biodynamic

~12 hl

yield per hectare

SOIL

Limestone, schist, marl

Very stony, poor soils. The old vines root deep and yield little – in favour of minerality, concentration and freshness.

VINEYARD

Biodynamics

Organic from the start, biodynamic since 2008. The estate has a diverse range of grape varieties, notably Grenache Noir and Grenache Gris, Carignan, Syrah, Macabeu and Muscat.

CELLAR

Infusion rather than extraction

Spontaneous fermentations with indigenous yeasts, then around twelve months of ageing in large foudres of 500 to 3,000 litres.

THE WINES

Three ranges, one signature

Poised, lively and full of energy: wines true to their Mediterranean identity, with a distinctive freshness. They differ in the age of the vines, the plots, and the length and quality of their ageing, which give rise to our three ranges: Mar i Muntanya, Esprit de l'Horizon and Domaine de l'Horizon.

Mar i Muntanya

“Sea and mountain” – grapes from young, organically farmed vines. Short ageing for fresh wines that are approachable from an early age.

White Macabeu, Grenache Blanc, Roussanne

Rosé Grenache Noir, Carignan, Syrah

Red Carignan, Syrah, Grenache Noir

Esprit de l'Horizon

The estate's signature wines, from our vines aged 20 to 80 years.

Cœur Blanc Muscat

Cœur Orange Muscat

Esprit de l'Horizon White Macabeu, Muscat

Esprit de l'Horizon Red Syrah, Carignan

Pure Syrah Syrah

Domaine de l'Horizon

Wines from our oldest plots around Calce: vines aged 80 to 120 years, worked entirely by hand, with very low yields, aged in 600-litre demi-muids.

White & Grande Réserve Macabeu, Grenache Gris

Rosé Grenache Noir

Red & Grande Réserve Carignan, Grenache Noir
